## Gotitas de Esperanza / Teardrops of Hope

On a small, steep plot of land with a breathtaking view of Quito, a project called Gotitas de Esperanza / Teardrops of Hope, is waiting to be transformed by SIFAT teams. Never losing their hope, Pastor Wilson and his wife Gerardina have waited 10 years for SIFAT teams to build a 10m by 15m two-story addition to Iglesia Bautista Esperanza Eterna / Eternal Hope Baptist Church. This facility will include classrooms, bathrooms, a cafeteria with industrial kitchen, office space and a rooftop playground. In Aida Leon, one of the poorest areas of Quito, Pastor Wilson and Gerardina continued leading their church to minister to the children through an afterschool program. After years of prayer, paperwork, patience and hope, we broke ground in 2018!

SIFAT needs 20 construction teams with a VBS component to complete this building in 2020, in addition to medical teams for our other project sites around Quito. We invite you to partner with us in these projects that will make a difference in the lives of so many of Ecuador's children by joining or leading a SIFAT mission team.
